# Maharic Seal Activation — Full Technique

*(Based on the MCEO Freedom Teachings® of the Law of One /  
Unity Consciousness by Ashayana Deane — Keylontic Science / Voyagers material)*

### **1. Pineal Focus**

Bring awareness to the center of your head  
Enter stillness

### **2. Create the Hierophant**

Visualize:

White 6 pointed Merkaba star

Dark silver 6 pointed Merkaba star

Merge them together

White 6 pointed Merkaba star and 6 pointed dark silver Merkaba star merge together.

This double Star Merkaba symbol is called a Hierophant — a scalar wave template which governs the release of Face-lock on Maharic Seal.

### **3. Send the Hierophant to Earth Core**

Move it down through the body

Into the Earth's core

Let it spin and become a sphere

### **4. Activate Planetary Maharic Shield**

From Earth core:

A horizontal disk expands

### **5. Bring Up the Silver Cord**

From Earth core (13th Chakra)

Up to:  
12th Chakra (6 inches below feet)

**6. Activate at the 12th Chakra**

Stop at the 12th Chakra  
Activate the Hierophant  
Spin within approximately a 3-inch field

**7. Take the Hierophant to the 14th Chakra**

Follow it with the silver cord  
Move upward through the body  
To 14th Chakra (36 inches above head)

**8. Bring Current Back Down**

From 14th Chakra → body → 12th Chakra

**9. Create the Maharic Seal**

Continue downward  
Approximately 6 inches below the 12th Chakra

**10. Expand the Field**

Expand the Hierophant  
Approximately 6 yards in diameter

**11. Charge the Seal**

Draw as much energy as possible from the Earth Maharic Shield  
Pull this energy upward through the silver cord

*The current flows:*

From Earth core  
Through the silver cord  
Into your personal Maharic Seal  
Located approximately 6 inches below the 12th Chakra (12 inches below the feet)

*Allow the Maharic Seal to:*

- Receive
- Hold
- Build increasing charge

## **12. Form the Maharic Shield**

As the Maharic Seal becomes fully charged:  
The pale silver light begins to expand upward  
This expansion forms a tube of pale silver light

The tube:

Rises from the Maharic Seal  
Passes through the 12th Chakra  
Moves through the entire body  
Extends to the 14th Chakra above the head  
Remains continuously connected to the Earth core below

## **13. Stabilize the Field**

The tube of pale silver light expands outward  
Approximately 18 inches wide around the body

*The light:*

Permeates the entire body  
Fills the cells and energy field  
Stabilizes the vertical current

*The full structure now exists as:*

A continuous current  
From Earth core  
Through the Maharic Seal  
Through the body  
To the 14th Chakra

## **14. Expand to Others**

Extend the field to people you love

## **15. Final Integration**

Take a spark of light  
Bring it into the heart  
Connect through the 12-Sphere Kathara Grid

## **16. Seal**

I am connected through the Maharic current from Earth core through my field.  
The Hierophant scalar template is active and the Maharic Shield is fully activated.

My field is stabilized, protected, and sovereign.
